# X/LINK at a glance

# X/LINK

software

**PT. Metalogix Infolink Persada (X/LINK)** has been providing solution to the Financial and Telco Industries for more than 10 years with advanced infrastructure for connectivity and transaction processing. In addition, we are building and growing our electronic transaction processing capacities in other industries.

We offer a suite of integrated products that include Electronic channels (ATM, EDC/POS, Mobile, Internet, Over the Counter), Card Authorization (ATM, Debit, Credit), and Transaction Monitoring. Today, We have served various customers: Banks (Private, Syariah, Foreign, State-Owned), Insurance, Multifinance, Telco, etc.

- Our customers use X/Link solutions to:
1. Manage and control ATM and POS networks.
  2. Manage multi-channel integration.
  3. Provide multi-institution bill payment.
  4. Perform inter-device and inter-office transaction.
  5. Establish new business opportunity using our mobile solutions.
  6. Settle millions of daily electronic payment transaction.

## Vision

To be the leading IT company in the region in providing best solutions.

## Mission
